Dear Customer,

We are glad to send you Responsa Version 16 Plus on DVD with a sophisticated text retrieval system that is meant to be downloaded on your hard disk and works with a dongle (plug).

**This package includes:**

Responsa CD Version **16 Plus** Working DVD  
 Help Manual  
 User Warranty  
 Protection Plug (dongle) that connects to your USB port.

**How to install:**

Put in the Responsa DVD into the DVD drive.  
 Open "My Computer"  
 Double -click on the DVD drive

Double click the file "SETUP.EXE" or

You may now choose between the following options:

1. **Basic** – requires 12 Megabytes on your hard disk
2. **Full** – requires 1.2 Gigabytes on your hard disk and all of the program's work will be from the hard disk only

The install program will inform you where it is installing the program on your computer, and now you need to press NEXT and afterwards FINISH.

After the install is finished, close all the open windows and attach the plug to the appropriate port.

In order to run the program, click on the "**Responsa CD16 Plus**" icon or  that is on your desktop.

**Important: Please return the form that is found at the bottom of the warranty.**

**User support will be given using the User number, which must be supplied with each phone call.**

We are happy to have you as one of our customers and hope you enjoy our CD.

User number: (& DVD Serial Number  
 found on the DVD):
